**A Project of Healthcare for All-California**

**“The Healthcare Solution: *California* ONECARE”**

A 22 minute educational documentary that explains the reasons that our healthcare system is in crisis, and how to fix it: A revolutionary new health insurance bill introduced by California Senator Sheila Kuehl that will provide comprehensive, affordable coverage to all California residents and save money for families, businesses and government.

This video explains how the new system would work, how it will be financed, and what it will take to get it passed into law.
