

Dear \_\_\_\_\_,

Please join me for a house party fundraiser to support the \_\_\_\_\_ the largest statewide, grassroots campaign for universal health insurance in the history of California *and* in the history of this country!

Hear more about the Campaign, view the 20-minute documentary film, ***The Healthcare Solution: California OneCare***, and meet some folks who share your concerns about the alarming state of health coverage in California.

\_\_\_\_\_

We know this is an extraordinarily bold Campaign and we know \_\_\_\_\_ so I hope to see you for dessert and coffee on \_\_\_\_\_. *Together, we can make it happen!*

Warmest regards,

***Full Care, For All, For Less, For Life***  
***The OneCareNow Campaign is a project of Health Care for All – California.***
