*I will be calling you next week, asking for your financial help and inviting you to my home to meet some of my friends and view the 20-minute film, The Healthcare Solution: California OneCare.*

*We have worked hard on this movement for universal single payer health care in California to get to this point. I have another challenge ahead: to raise [\$1000 or \$500] in [city] for California's 365-city Campaign for Universal Health Insurance.*

*I will be asking you for a [three or two] figure commitment upwards of [\$100 or \$50].*
